Car Description 

This world's only factory Porsche 965 Turbo 3.3 Cup M001 Coupé is completely revised and restored in our workshop, it is more exclusive than a 964 Turbo S! Driven in 600 km after restoration

The vehicle has the classic Indian red color with black RS fabric Nomex interior and an additional welded-in safety cage M003 analogous to the types 964 Cup or RS NGT.

This original 3.3 Turbo Cup, the only one in the world that has been modified by the motorsport department in Weissach, has a subsequently installed factory performance increase to 355 hp using original Porsche exclusive parts.

The current delivery dates are analogous to the birth certificate.

A Classic Data report is available for the vehicle. Of course, this 964 has been road legal since the day it was first registered and is delivered with a new TÜV.
